CHROME GRILL for GL1800

Patent Pending

Choose lit or unlit & you'll smile as onlookers keep children away from what appears as the chromed air intake for a pavement gobbling monster. The amber L.E.D. running lights really look sharp for that screaming red hot performance. No one needs to know it provides visual horsepower only.

Fits: All '01-'08 GL1800 Models

FORK BRACE for GL1800

We couldn't find a fork brace on the market that had the necessary adjustments to cover the variable working tolerances a GoldWing inherently has. Two-piece braces do not allow for any manufacturing variation that affects the width of fork; this can lead to premature wear of the bushings & seals. We went to Crossroads Performance to design everything needed for a top-flight brace. We can now offer you a superbly stylish show-chromed fork brace. We've seen nothing on the market that compares. It will give you the look & the rock solid handling your high-performance GL1800 demands.

FRONT FENDER EXTENSION for GL1800

This Front Fender Extension for the GL1800 is a must-have item. Besides looking sharp, this will really tame the road spray when riding in the rain. Extending the fender four inches & made of sparkling chrome & black rubber, this neat little piece is easy to install on stock front fenders, or those with the Honda extension previously installed.

Fits: '01-'08 GL1800 Models

LIGHTED FORK TOWER ACCENTS for GL1800

Add visibility with class. The three spear towers are filled with L.E.D. running lights with the top spear doubling as a turn signal. With plug & play installation & chrome that contours to your front fender, this accent is a must have.

Fits: '01-'08 GL1800 Models (ex. Airbag Models) ('06-'08 GL1800's require P/N 7300 for plug & play installation)

7445 | Lighted Fork Tower Accents for GL1800 (pr) | \$159.99

AERO HEAD MARKER LIGHTS for GL1800

Increase your visibility with these great L.E.D. Marker Lights. With simple plug & play installation on either Honda or Kuryakyn Rotor Covers, they are a must have & complete the bottom of your front forks.

Fits: '01-'08 GL1800 Models ('06-'08 GL1800's require P/N 7300 for plug & play installation)

7458 | Aero Head Marker Lights (pr) | \$69.99

Note: Installs on Kuryakyn or Honda Rotor Covers.

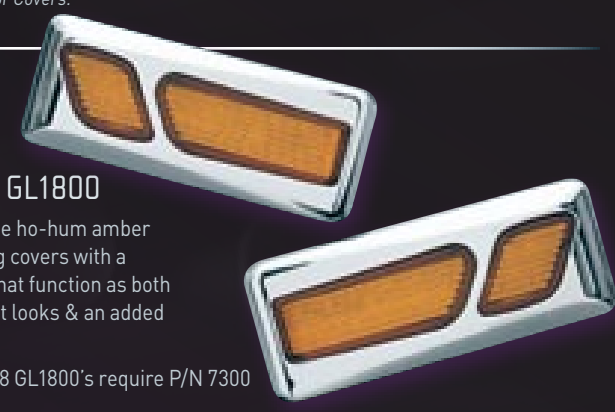

L.E.D. FRONT REFLECTOR CONVERSION for GL1800

This simple conversion replaces the ho-hum amber reflectors on GL1800 lower fork leg covers with a sparkling array of amber L.E.D.'s that function as both running lights & turn signals. Great looks & an added measure of visibility all in one!

Fits: '01-'08 GL1800 Models ('06-'08 GL1800's require P/N 7300 for plug & play installation)

7455 | L.E.D. Front Reflector Conversion (pr) | \$59.99

L.E.D. RING OF FIRE™ for GL1800

The Chrome "Ring of Fire" Rotor Covers will really take center stage on your GL1800. The beautifully chromed disc brake rotor covers change the plain, unfinished axle retainer, hub & brake rotor into one sleek gleaming unit. In the daylight, they'll shimmer in the sunshine, but night time brings out another dramatic effect. Brilliant, weather resistant amber L.E.D.'s punctuate the slots in the trim ring, while another inboard set of L.E.D.'s reflect on the front wheel setting it ablaze with your choice of color.

If you prefer a more subtle look, the chrome Rotor Covers are available without the L.E.D. lighting effects. Separate Ring of Fire kits are available as an upgrade if you choose to add them at a later time.

ISO®-GRIPS for GoldWing

U.S. Patent # Des. 411,432

Combining style & comfort, Kuryakyn ISO-Grips are a quantum leap forward in hand grip design. Like the popular ISO-Pegs, these grips provide a soft, non-slip surface that dampens operating vibration. Recessed areas between the ISO-Pads permit air flow for added comfort in hot weather. The knurled accent ring adds a classy detail.

Fits: '75-'08 GoldWings

6180	ISO-Grips with Chrome Accent (pr)	\$69.99
-------------	--	----------------

Note: These grips do not support the heated grip option on many late Model bikes. They also are not compatible with "bar-end" weights found on many bikes. The majority of the time, removing these weights is a simple affair & the vibration absorbing quality of our ISO-Grips more than compensates for the vibration damping lost by removal of the bar-end weight.

L.E.D. BATTERY GAUGE

Our L.E.D. Battery Gauge is an array of L.E.D.'s indicating the operating voltage of the bike's electrical system. Green L.E.D.'s represent the normal operating range of your charging system, 12.5v to 14.5v. Amber L.E.D.'s warn the rider that the bike is not charging. If the reading drops below 10v or exceeds 15v, a flashing red L.E.D. will alert the rider of an impending stall or the possibility of damage to the battery &/or sensitive electronic components on the motorcycle. Simple two-wire connection & a compact size (about 2" x 3/4" x 3/16") make installation a breeze.

AIRMASTER™ REAR AIRFOIL for GL1800 Patent Pending

If you want to greatly reduce buffeting & virtually eliminate annoying back draft, this Rear Airfoil is the answer. You will be amazed at the almost still environment created for both driver & passenger when used with your stock windshield or gain the ultimate in protection with the Performance Windshield. This dark smoked hard-coated polycarbonate Airfoil complements as a mere seven inch extension to the passenger seat.

Features:

- Hard-coated polycarbonate for quality, strength, & scratch resistance
- Quick detach
- Dark smoke tint with aerodynamic styling to complement passenger seat

Fits: All '01-'08 GL1800 Models

1380	Performance Windshield with Rear Airfoil (set)	\$399.99
1381	Performance Windshield (ea)	\$299.99
1384	Rear Airfoil (ea)	\$119.99

Note: Vent not included. The Performance Windshield has the standard cutout for installation of OEM windshield vent. For '01-'02 GL1800's without vent we suggest ordering OEM GL1800 Windshield vent for installation. Do not use Rain-X or other ammonia based cleaning or protection product on this product.

Riders Testimony

Our test riders could not believe the performance & left us with praise for creating a protected cockpit of air for both driver & passenger. The true amazements were there was "no buffeting or poor handling when passing through the traffic of 18 wheelers". There is nothing else out there that provides better wind protection unless you're getting in your car or truck.

AIRMASTER™ PERFORMANCE WINDSHIELD for GL1800 Patent Pending

Unfinished Prototype Shown

Being "in the wind" is a big reason why many of us ride. But, too much turbulent air detracts from the experience. The new Performance Windshield is only slightly larger than stock, but it's contoured design creates a more calm, comfortable envelope. Optical clarity is excellent, & the hint of a tint reduces glare without hindering visibility. Stock mounting points & adjustability is retained similar to stock. Unlike some larger replacement windshields, vehicle stability & handling are not affected & the drive is not crowded by the windshield.

Features:

- Hard-coated polycarbonate for quality, strength, & scratch resistance
- Black gradient with vinyl protectors on lower portion to avoid abrasion
- Approximately 3" wider per side with 2-1/2" additional height over stock & retains adjustability similar to stock

LONGHORN OFFSET PEGS with Quick Clamps

U.S. Patent # Des. 411,440 & 405,393

Incorporating our Longhorn Offset, this combination provides a wider range of adjustment than our standard Offset Pegs (P/N 7976). Works great on GoldWings or most bikes with 1" engine guards.

7980 | Longhorn Offset Dually ISO-Pegs with 1" Clamps (pr) | \$149.99

RIGHT ANGLE PEGS with Quick Clamps

U.S. Patent # Des. 405,393 & 411,440

A good option for cruise peg mounts on the 1800 - especially for the shorter rider. Because these mounts are attached to the clamp at a right angle, they can be positioned on engine guards in orientations impossible with other clamp-on pegs. This particular setup allows positioning on the 1800 engine guard at the closest point possible to the driver.

KÜRYAKYN TRANSFORMER FLOORBOARDS

Küryakyn Transformer Floorboards blend style, function & comfort. A direct replacement for the stock passenger floorboards, the Transformer Boards bolt on in minutes. Even when not in use, these finely chromed boards are a great improvement over the dull aluminum stock units. When folded down, they offer a secure, comfortable perch for passengers. The stock height adjustability is still fully functional on GL1500 SE Models.

The most important & unique feature of this system is the hidden retractable passenger cruise pegs. A folding arm & footrest deploys to provide an alternate foot position 4-1/2" higher & 5-1/2" farther forward than the stock foot position.

INFINITY LIGHTS for GL1800 Tour Box

U.S. Patent # 7,029,152

Few GoldWing accessories will leave as many people staring in disbelief as Infinity Lights. Performing double duty, they appear as graceful chrome accents until you bring them to life with the supplied controller. Now, an array of multi-function L.E.D.'s illuminate steadily, flash, or continuously fade through red, lime, ice, sky blue, dark blue, purple & green in a display that gives the illusion of infinite depth. Color, flash speed, & color cycle rate are totally variable & power draw is minimal.

Fits: All '01-'08 GL1800 Models

4622 | Infinity Lights for Tour Box (pr) | \$299.99

Note: Works great with or without Passenger Armrests.

7-Colors in One!

L.E.D. LIGHTED TRUNK LID HANDLE for GL1800

Style & function become one when you add a handle to the tour trunk while positioning an L.E.D. brake light up higher for added visibility. This handle also works with the Honda spoiler.

TRIPLE STRAIGHT EXHAUST EXTENSIONS for GL1800

These burly Exhaust Extensions really make a statement. Their size & six outlets elude to the power of the 1800 c.c. giant. Although the six outlets are massive for the appearance of a high performance exhaust system, they are actually sealed off & the exhaust gases are directed downward, out the bottom of the extension. This will keep the visible end of the extension clean & it will aid in keeping soot off saddlebags & trailers. These extensions easily replace the stock muffler tips & include necessary mounting hardware.

Fits: '01-'08 GL1800 Models
