PEG QUICK REFERENCE

Küryakyn Pegs & their dimensions

Note: Length dimensions shown are approximately 5/8" longer than original peg length to accommodate Footpeg Adapter.

Note: Length dimensions shown on all pegs are approximately 5/8" longer than original peg length to accommodate Footpeg Adapter.

peg ADAPTERS

Küryakyn Footpegs are a 2-part system for convenience & easy installation. Simply select the Footpegs you desire & the appropriate motorcycle specific Adapter for your bike. The new serrated Adapters bite right into your footpegs for a secure attachment, so make sure they are at the desired angle before you tighten them down. This convenient 2-part system also allows you to change your pegs without purchasing new adapters. Have a new bike? Simply switch your pegs by purchasing new Adapters.

Note: Adapter fitments are for stock OEM peg mounts.

FOOTPEGS & ADAPTERS FIT TOGETHER AS SHOWN

New Serrated Ends Lock Into Pegs for Extra Hold!

SELECT THE ADAPTERS YOU NEED...

Find the part number for the adapter that corresponds to your motorcycle's front or rear location.

All Adapters Are \$21.99 (pr) (ex. 8805 \$24.99 (pr))

LIBERATOR™ PEGS

Escape the tyranny of mundane pegs with Küryakyn Liberator Pegs! Barrel-shaped chrome bodies & perforated rubber pads, these pegs are ready to defend freedom everywhere. The Liberator Series includes footpegs & footpegs with stirrups.

4596	Liberator Pegs without Adapter (pr)	\$99.99
4598	Liberator Pegs & Stirrups without Adapter (pr)	\$159.99
4591	Liberator Pegs Replacement Rubber Pads (set)	\$15.99
4580	Stirrup Replacement Rubber Pad (ea)	\$7.99

Important: Requires Splined Adapter Mount, page 83.

WIDOW™ PEGS

Set your bike apart from the crowd. A full custom footpeg at a realistic price. Bet you'll get a bunch of compliments on these & your feet will love 'em, too. Motorcycle specific adapter required, page 77.

4492	Widow Pegs without Adapter (pr)	\$89.99
4493	Widow Pegs Replacement Rubber Pads (set)	\$12.99

KAISER PEGS

U.S. Patent # Des. 528,477

Add a little attitude to your bike with our Kaiser Pegs. The Maltese Cross always looks cool & coordinates great with Küryakyn Maltese Mirrors & ISO-Flame Grips with Maltese End Caps. Motorcycle specific adapter required, page 77.

4461	Kaiser Pegs without Adapter (pr)	\$89.99
4465	Kaiser Pegs Replacement Rubber Pads (set)	\$12.99
4490	Replacement "Curb Feelers" (pr)	\$9.99
4462	Replacement Maltese Cross Emblem (ea)	\$12.99

Peg Adapters Found on Page 77!

ZOMBIE™ PEGS

Skulls are where it's at! These skeletal pegs are sturdy & rugged. An ominous skull is nestled between the rubber pads with a sinister spire point filling the void. They look great by themselves or combined with any other products from our Zombie Series. Motorcycle specific adapter required, page 77.

4471	Zombie Pegs without Adapter (pr)	\$89.99
4472	Zombie Pegs Replacement Rubber Pads (set)	\$10.99
4474	Replacement "Curb Feelers" (set/4)	\$15.99
4473	Replacement Skull Emblem (ea)	\$13.99

TECH-TIPS

When installing any footpeg, footboard or highway peg combination, always verify all fasteners are tight & secure - even those you don't adjust. We also recommend periodically checking to make sure all fasteners remain tight.

SWINGWING PEGS

Patent Pending

Enormous numbers of people have asked us how they can stretch their legs a little without spending several hundred dollars for extended controls. Here's the answer... a convenient fold-forward, comfortable cruise peg that fastens in place of your stock peg & provides a secondary fold-out peg 3" forward.

Note: SwingWing Pegs are larger than stock. In passenger applications pegs may not fold up to stored position properly. Motorcycles with passenger peg mounts that angle to the rear also accentuate the non-folding application.

4467	SwingWing Pegs without Adapter (pr)	\$149.99
4468	SwingWing Pegs Replacement Rubber Pads (set)	\$19.99

Important: Requires Splined Adapter Mount, page 83.

ISO®-SWEPTWING PEGS

Streamline your bike with the sleek lines of the ISO-SweptWing Peg & get ready for flight. With traditional ISO design these beauties reduce vibration to give you that super comfortable footpeg you've been looking for. Coordinate them with our SwingWing Peg or Constellation Floorboard & flaunt that same sleek look throughout your whole bike. Motorcycle specific adapter required, page 77.

4464	ISO-SweptWing Pegs without Adapter (pr)	\$79.99
4469	ISO-SweptWing Replacement Rubbers (set)	\$16.99

DOMED END CAPS for Stiletto Footpegs & Stirrups

Put a slightly more subdued look on your Stiletto Pegs or Stirrups.

4483	Domed End Caps for Stiletto Stirrups (pr)	\$10.99
4484	Domed End Caps for Stiletto Pegs (pr)	\$11.99

STILETTO PEGS

The radical Stiletto Peg is designed for those who ride on the wild side. Motorcycle specific adapter required, page 77.

4476	Stiletto Pegs without Adapter (pr)	\$89.99
4490	Replacement "Curb Feelers" (pr)	\$9.99
4485	Stiletto Pegs Replacement Rubber Pads (6 pieces)	\$13.99

Add Stiletto Stirrups! See Page 81

SWITCHBLADE PEGS

U.S. Patent # 6,893,038 & Des. 506,707

The Switchblade Pegs are sleek, versatile, & supremely comfortable. In their standard retracted mode, they are a large surface area, rubber isolated footpeg. Deploy the concealed heelrest & you instantaneously have the fatigue fighting comfort of the famous Kuryakyn ISO-Stirrups. Although these pegs will work in any peg location, they are ideal for bikes with forward mounted controls or cruise pegs. Motorcycle specific adapter required, page 77.

4446	Switchblade Pegs without Adapter (pr)	\$119.99
4447	Replacement "Curb Feelers" (pr)	\$9.99
4448	Switchblade Pegs Replacement Rubber Pads (set)	\$17.99

ISO®-BOARDS for Metric Cruisers

Install a floorboard in place of a foot peg! These kits include our finely chromed ISO-Boards equipped with cushy, full length ISO rubber inserts & a cast bracket to connect the ISO-Board to the slip resistant splined adapter. We offer two options to suit your style. Please see illustration & dimensions above to determine style that best fits your application. Splined Adapters required & sold separately, page 83.

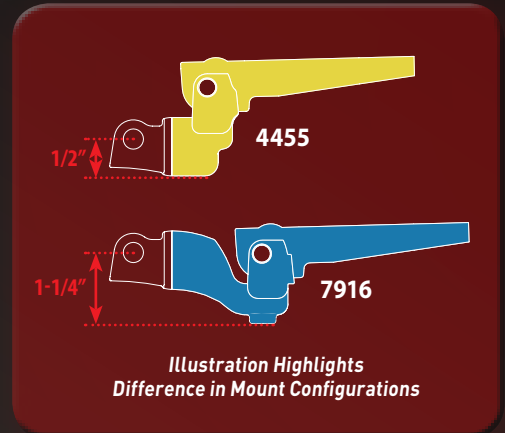

Illustration Highlights
Difference in Mount Configurations

7916	Driver or Passenger ISO-Boards for Metric Cruisers (pr)	\$199.99
4455	Passenger Only ISO-Boards & Mount Kit for Metric Cruisers (pr)	\$199.99 
4543	Replacement Rubber Pads for ISO-Boards (8 pieces)	\$13.99

Note: Passenger applications for P/N 7916 requires 1" clearance from bottom of footpeg mount & exhaust. Sits out 1" farther than stock peg.

Importance Notice: Adjustable shift & brake linkage is suggested for driver application. Placing these footboards on mounts intended for footpegs may prohibit them from folding up in the same manner as the stock peg. While the board may be rotated on the mount for a comfortable foot position, some angles may cause the board to contact other components on the bike before the board is folded up completely. Before ordering, be aware of components on the bike that may interfere with the placement of the floorboards.

CONSTELLATION BOARD FOOTPEG REPLACEMENT

Add style & comfort in minutes by simply replacing your pegs with these radically designed Constellation Boards! Mount directly to your standard peg location & gain adjustments in almost any direction. Choose the correct splined adapter for your desired mounting location & ride on!

- Floorboard measures 10" long by 4-1/2" wide. Extends back 4-3/4" from peg mount.
- Floorboards intended to fold at mounting block, not at standard footpeg mount.
- Both driver & passenger locations allow infinite adjustments within a 2" horizontal section. Floorboards rotate completely around splined adapter for optimal leg positioning.
- Choose between two positions when installing floorboards in the passenger location; the lower stock peg position or raised 1-1/8 inches for those shorter-legged riders.

Replace Your Passenger or Driver Footpegs!

4457

4457	Constellation Board Footpeg Replacement (pr)	\$199.99
4459	Replacement Rubber Pads for Constellation Floorboards (set)	\$24.99

Importance Notice: Adjustable shift & brake linkage is suggested for driver application. Placing these footboards on mounts intended for footpegs may prohibit them from folding up in the same manner as the stock peg. While the board may be rotated on the mount for a comfortable foot position, some angles may cause the board to contact other components on the bike before the board is folded up completely. Also, if the board is positioned so it will fold up as stock, the trailing end of the board may be in a position that could limit cornering clearance. Before ordering, be aware of components on the bike that may interfere with the placement of the floorboards.

SPLINED ADAPTER MOUNTS

Rear Splined Adapters Allow Both Folding & Rigid Mount In One! (P/N's 8818, 8825, & 8826)

Sold in Pairs

\$29.99

Küryakyn Footpegs & Floorboards for peg mounts are a 2-part system for convenience & easy installation. Simply select the Floorboards you desire & the appropriate motorcycle specific Splined Adapters for your bike. These Splined Adapters have teeth that match the footpegs or floorboards & allows the angle of the footrest to be set & locked in place. This convenient 2-part system also allows you to change your footrests without purchasing new splined adapters. Have a new bike? Simply switch your pegs or floorboards to a new bike by purchasing new Splined Adapters.

ENGINE GUARDS

ERGO ENGINE GUARD

For VTX U.S. Patent # 6,969,083

Bringing innovative design to the limits, our Ergo Engine Guard combines a stylish engine guard with built-in highway pegs. These highway pegs can be used in the stock inner position or flipped out for an additional foot position option.

For those of you with driver pegs, add the optional Forward Control Relocation Kit (P/N 4590) & stretch out your legs for additional comfort. Relocation Kit moves foot controls forward 2".

4585	Ergo Engine Guard for VTX1800 (set) Fits: All VTX1800 Models	\$299.99
4586	Foot Control Relocation Kit for use with Ergo Engine Guard (set) Fits: All VTX1800C/F with Ergo Engine Guard	\$79.99
4587	Ergo Engine Guard for VTX1300 (set) Fits: All VTX1300 Models	\$329.99

Note: Not compatible with Cruise Peg Mounts (P/N's 4518 & 4519).

ERGO GUARD LIGHT MOUNTING BRACKETS

With this simple bracket kit, you can easily install Kuryakyn Silver Bullets (or any other light using a 5/16" mounting screw). The kit includes two brackets & hardware to secure them to the existing holes beneath the foot rest area.

Recommended options for Silver Bullets include P/Ns 2303 or 2319 - See page 53 for more details.

2284 | Ergo Guard Light Mounting Brackets (pr) | **\$39.99**

Note: If adding Silver Bullets to function as driving lights, we highly recommend using our Wiring & Relay Kit (P/N 2328) page 55.

UNIVERSAL KICKSTAND EXTENSION

Reach your kickstand with ease with this Universal Kickstand Extension. Clamps great onto kickstands 1/2" to 3/4" diameter & extends out either 2-7/8" or 4-3/8". Some suggested top Models to use this new product on are:

Honda: All VTX1300/1800

Kawasaki: Vulcan 1500/1600/2000

Suzuki: C50/C90

Yamaha: All Road Star, all V Star 650/1100/1300 Models

Fits: Universal kickstands with 1/2" to 3/4" diameter

7108 | Universal Kickstand Extension (ea) | **\$39.99**

ENGINE GUARD with Fixed Footrests for VTX

Enjoy stretched out cruising comfort & a degree of engine protection without obtrusive looks. We've honed this popular cruise peg/engine guard combo into a simpler product by using a new static peg design. The legendary comfort & clean low profile styling is untouched. Enjoy the evolution of this great system at a new lower price!

4581	Engine Guard with Footpegs for All VTX1800 Models (set)	\$249.99
4582	Engine Guard with Footpegs for All VTX1300 Models (set)	\$249.99

Note: Not compatible with Cruise Peg Mounts (P/N's 4518 & 4519).

Rendering Shown- final design may vary.

4579	Adjustable Cruise Peg Mounts (pr) Fits: Kawasaki: All Vulcan 1600/2000 Models & all Vulcan 900 Classic with stock floorboards	\$169.99
4578	Adjustable Cruise Peg Mounts (pr) Fits: Suzuki: All '05-'08 Boulevard C50, all C90, all Intruder 1500 with stock floorboards	\$169.99

Note: Footpegs sold separately, page 98.

Works Great for Driver or Passenger

PEG MOUNTED CRUISE MOUNTS without Adapters

You wanted the simplest highway pegs & here they are. Directly mounting to your stock footpeg mounts, these offer a 6" adjustable arm to let you extend your legs where you want. Complete your kit with desired stylish Küryakyn pegs & splined adapter & ride on with added comfort.

Additional Products Required:

- Küryakyn Footpegs with Male Mount (pr), page 98.
- Küryakyn Footpegs without Male Mount (pr), pages 75-80.
- Motorcycle Specific Splined Adapter (pr), page 83.

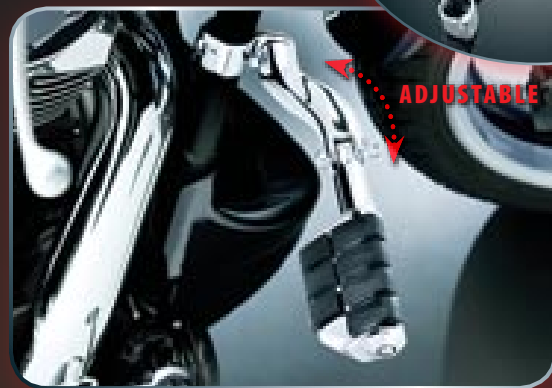

7879 | Peg Mounted Cruise Mounts without Adapters (pr) | \$149.99

Note: Original foot position only accepts the following Küryakyn Pegs: Stiletto (P/N 4476), Switchblade (P/N 4446), Dually (P/N 7963), Large ISO (P/N 7965), Small ISO (P/N 7964), Retro (P/N 4401), Pilot (P/N 4419), ISO-Wing (P/N 4452), Sweptwing (P/N 4464), Flamin' (P/N 4417). Stock OEM pegs will not work with this product.

Now Uses Magnum Quick Clamp

4501

ADJUSTABLE CRUISE PEGS for Yamaha

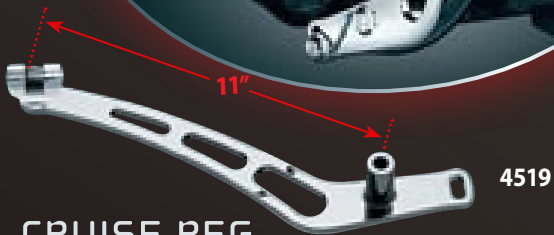

U.S. Patent # Des. 405,393 & 411,440

Utilizing our easily installed 1-1/4" Magnum Quick Clamps & X-Tension Peg Mounts, alter your peg location to your liking. Comes equipped with our ever popular & durable Dually ISO-Peg. Ride on in style & comfort.

Fits: All '99-'08 Road Star 1600/1700, '02-'08 Road Star Warrior, '06-'08 Roadliner/Stratoliner, '99-'08 V Star 1100, V Star 650, '08 Raider requires 1-1/4" of available round space on both front frame tubes

4501 | Cruise Pegs for Yamaha (pr) | \$189.99

Note: Not suggested for use with full size engine guards.

CRUISE PEG MOUNTS for VTX1300

Add cruise pegs without adding a bulky engine guard. These mount plates simply bolt onto the existing footboard or footpeg mounting bosses for a sturdy, comfortable "stretched out" setup that is also pleasing to the eye. Pegs sold separately, page 98.

Fits: '03-'08 VTX1300 Retro/S/T & '04-'08 VTX1300C Models

4519 | Cruise Peg Mounts for VTX1300 (pr) | \$149.99

MOVES FOOT CONTROLS 2" FORWARD

FORWARD CONTROL EXTENSION KIT for VTX1800

Move your driver pegs forward & stretch your legs to a comfortable position with our Forward Control Extension Kit. Designed to relocate your stock driver controls 2" forward, add that extra comfort to your ride by taking the extra bend out of your knees.

Fits: All VTX1800C/F with Front Peg Mounts

4590 | Forward Control Extension Kit for VTX1800 (set) | \$109.99

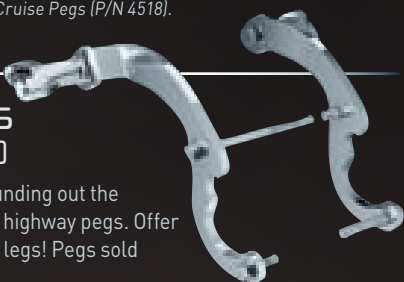

Note: Not compatible with Cruise Pegs (P/N 4518).

CRUISE PEGS for Shadow 1100

You will really enjoy pounding out the miles with these classy highway pegs. Offer many positions for your legs! Pegs sold separately, page 98.

Fits: '99-'07 Shadow Sabre 1100 & Spirit 1100 Models

4541 | Cruise Pegs for Shadow 1100 (pr) | \$149.99

Stretch Out!

CRUISE PEG for VTX1800C/F

Here's the perfect solution for adding cruise pegs to the VTX1800C/F. This setup places the pegs in a comfortable "stretched out" location, without adding bulky engine guards to this sleek machine. These super clean mount plates simply bolt onto the existing forward controls for a sturdy, comfortable setup that is also pleasing to the eye. Pegs sold separately, page 98.

4518 | Cruise Peg Mounts (pr) | \$149.99
Fits: '02-'08 VTX1800C/F

Note: Does not work with Forward Control Extension Kit (P/N 4590).

CRUISE PEG MOUNTS for VTX Floorboards

Add our Cruise Peg Mounts to your stock driver floorboards & you have the best of both worlds. A comfy board & a cruise peg to stretch out the kinks on a long ride. You won't believe the difference. Pegs sold separately, page 98.

Fits: '02-'08 VTX1800R/S/N/T, '03-'08 VTX1300R/S/T Models

4540 | Cruise Peg Mounts for VTX with OEM Floorboards (pr) | \$149.99

LONGHORN OFFSET DUALLY HIGHWAY PEGS

U.S. Patent # Des 411,440 & U.S. Patent # Des 405,393

The all-in-one answer for long-haul comfort. We combined our most popular highway peg components into one product that's attractive, adjustable, & easy to install.

4574	Longhorn Offset Dually with 1-1/2" Magnum Quick Clamp (pr)	\$149.99
4575	Longhorn Offset Dually with 1-1/4" Magnum Quick Clamp (pr)	\$149.99
7980	Longhorn Offset Dually with 1" Magnum Quick Clamp (pr)	\$149.99

FOOTPEGS WITH OFFSET MOUNTS & MAGNUM™ QUICK CLAMPS

U.S. Patent # Des. 411,440

These highway pegs utilize our unique offset mount to allow riders a range of adjustment not possible with other clamp-on style highway pegs. The offset can be rotated 360° in a 4" diameter circle to accommodate tall, short, or average height riders. These can be installed on any round tubing (frames or engine guards), but it is important to keep in mind that the footpeg itself will end up perpendicular to the bar to which it is mounted. If your engine guard is angled in such a way so that the peg will not be level once installed, look to our Right Angle Mounts (page 92) & male adapters with adjustable stop found on page 95.

7933
Great Highway Peg Options for Vulcan 1500/1600 - Uses 1.35" diameter clamp on front frame tube

HELPFUL QUICK CLAMP SIZE SELECTION INFORMATION

- Barron Standard Engine Guards **1-1/4"**
- Cobra Standard Engine Guards **1-1/4"**
- Cobra Fatty Engine Guards **1-1/2"**
- Kawasaki Front Frame Down Tubes **1.35"**
- Valkyrie Curved Part of Engine Guard **1-1/8"**
- Yamaha Front Frame Down Tubes, All Road Star, V Star 1100/650, Roadliner, Stratoliner & Raider **1-1/4"**
- Yamaha Full Size/Full Loop Engine Guards **1-1/4"**
- Honda Full Size/Full Loop Engine Guards **1-1/4"**
- Victory Front Frame Down Tubes on '06 & Up Hammer, Kingpin, Jackpot, & 8ball **1-1/2"**

Note: To measure your tube size either use the tool on page 94 or tighten an adjustable wrench around the tube. Remove the wrench & measure the opening. Mounting Cruise Pegs off frame tubes requires 1-1/2" of strait open tube for clamping at equal height on both sides & approximately 3/8" of clearance around tube. Many mid 1990's smaller metric engine guards were a 1" tube.

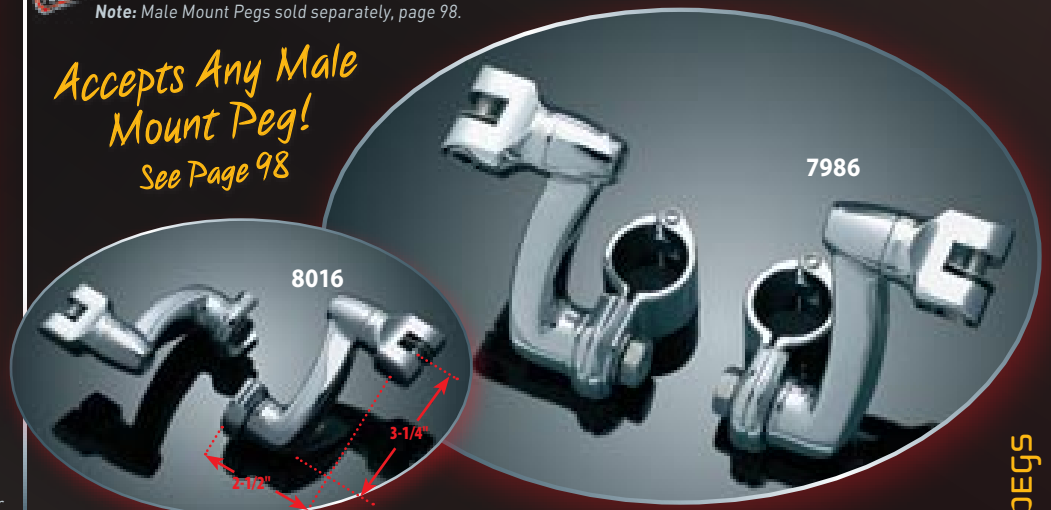

LONGHORN OFFSET PEG MOUNT

This stylish peg mount provides 360° adjustability so it can be used to position the peg closer to the rider or further away. Its 3-1/4" arm gives an incredible 6-1/2" range of adjustment. Incorporating an innovative locking device this mount is guaranteed not to slip.

8016	Longhorn Offset Peg Mounts (pr) For use with Magnum Quick Clamps only, page 94.	\$69.99

7986

FOOTPEGS WITH RIGHT ANGLE MOUNTS & MAGNUM™ QUICK CLAMPS

U.S. Patent # Des. 411,440

This mount is the answer for motorcycles with an engine guard that does not allow the installation of a traditional style highway peg. Most highway pegs position the peg perpendicular to tubing to which they are mounted, thereby limiting their use on engine guards that run vertically. The Right Angle Mount overcomes this limitation & will allow you to position the peg horizontally regardless of the orientation of the engine guard.

Short Right Angle Mount with Clamps & Small ISO®-Pegs

4517 | with 1-1/4" Diameter Clamps (pr) | \$139.99

Short Right Angle Mount with Clamps & Dually ISO®-Pegs

U.S. Patent # Des. 405,393

4514 | with 1-1/4" Diameter Clamps (pr) | \$149.99

Long Right Angle Mount with Clamps & Small ISO®-Pegs

4507 | with 1" Diameter Clamps (pr) | \$139.99

Long Right Angle Mount with Clamps & Dually ISO®-Pegs

U.S. Patent # Des. 405,393

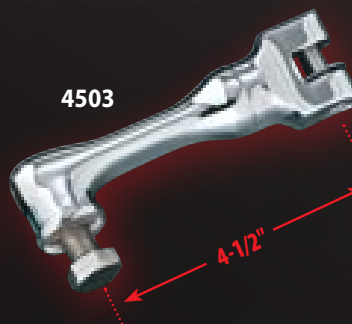

4509 | with 1" Diameter Clamps (pr) | \$149.99

CRUISE PEGS for Valkyrie (Including Interstate)

U.S. Patent # Des. 405,393 & 411,440

These Cruise Pegs feature 1-1/8" Magnum Quick Clamps. This allows placement on the front portion of the engine guards above or below the timing belt cover. The air scoops found on the Interstate Models do not interfere with this mounting system. Dually ISO-Pegs are included for supreme comfort.

4500 | ISO-Dually Cruise Pegs for Valkyrie (pr) | \$149.99

Works Great to Add Highway Pegs to Front Frame Downtubes Just Ahead of Your Motor (Requires 1/2" Clearance Around Tube)

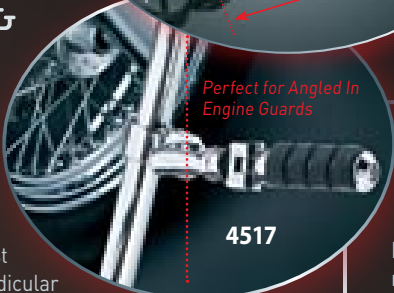

RIGHT ANGLE MOUNTS

The Right Angle Footpeg Mount is our "contortionist." Most mounts position the peg perpendicular to the tubing on which it is mounted. Our Right Angle Mounts allow lots of flexibility in peg placements because they can be adjusted along two axes. Two lengths are available to cover many applications. This is the only setup we know of that permits cruise peg installation on engine guards that slope inward, outward or diagonally.

4503 | Long Right Angle Mounts (pr) | \$69.99

Note: Magnum Quick Clamps for Mounting, page 94.

Great Cruise Peg Option for Victory! Just Add Pegs (Page 98) & 1-1/2" Clamp (Page 94)

ERGO CRUISE PEGS for Valkyrie or GL1500

Ergonomically designed for maximum driver comfort, these mounts have an unbelievable range of adjustment for the tall, short or in-between rider. The articulated mounting bracket is made of highly polished stainless steel for extreme strength, great looks & simple installation. The 6" long chrome swing arm has an ingenious locking mechanism & is canted at a 6° angle which angles the pegs just the right amount for ideal comfort.

Fits: All Valkyrie (ex. Interstate or Rune) & '98-'00 GL1500 Models

4050	Ergo with Dually ISO-Pegs (pr) U.S. Patent #Des. 405,393	\$199.99
4040	Ergo with Lighted Cruise Boards (pr)	\$269.99
4041	Ergo with Un-Lighted Cruise Boards (pr)	\$259.99
4052	Ergo with ISO-Wings (pr)	\$209.99

4061	Long Replacement Ergo Arm, 6" (pr)	\$49.99

FOOTPEGS WITH CLEVIS & MAGNUM QUICK CLAMPS

U.S. Patent # Des. 411,440

This is our most popular style of highway pegs. Using our patented Magnum Quick Clamp, they are a snap to install & provide long-haul comfort. There are several styles of footpegs to choose from with various sized clamps to accommodate most common engine guard diameters. They can be installed on any round tubing (frames or engine guards), but it is important to keep in mind that the footpeg itself will end up perpendicular to the bar to which it is mounted. If your engine guard is angled in such a way so that the peg will not be level once installed, look at our Right Angle Mounts (opposite page) or P/N 8008A, page 95.

ISO®-STIRRUPS with Clevis & Clamp

U.S. Patent # Des 411,440 & U.S. Patent # Des. 338,643

This setup permits the use of the ISO-Stirrups on 1-1/4" engine guards.

8070	Small ISO-Peg with ISO-Stirrup & 1-1/4" Magnum Quick Clamp (pr)	\$159.99
8071	Large ISO-Peg with ISO-Stirrup & 1-1/4" Magnum Quick Clamp (pr)	\$159.99

UNIVERSAL CRUISE PEG MOUNTS

U.S. Patent # Des. 411,440

Although we can't understand why anyone wouldn't want to use our pegs, this setup will allow the use of any H-D or Kuryakyn Male Mount Pegs with our innovative Magnum Quick Clamps & Clevises for engine guard applications.

NEW 4573	1-1/2" Magnum Quick Clamp with Clevis (pr)	\$69.99
7944	1-1/4" Magnum Quick Clamp with Clevis (pr)	\$69.99
4576	1" Magnum Quick Clamp with Clevis (pr)	\$69.99

Note: Kuryakyn Male Mount Pegs, page 98.

Accepts Any Male Mount Peg!
See Page 98

MAGNUM™ QUICK CLAMPS

U.S. Patent # Des. 411,440

We've made a lot of friends with these! Stainless steel construction for superior strength & hinged design for fast simple installation. No more stripped bolt heads!

1000	1-1/4" I.D. Magnum Quick Clamp (pr)	\$39.99
1001	1-1/2" I.D. Magnum Quick Clamp (pr)	\$42.99
1002	1" I.D. Magnum Quick Clamp (pr)	\$42.99
7942	1.35" I.D. Magnum Quick Clamp (ea)	\$22.99
8073	1-1/4" I.D. Magnum Quick Clamp (ea)	\$22.99
7941	1-1/8" I.D. Magnum Quick Clamp (ea)	\$22.99
7940	1" I.D. Magnum Quick Clamp (ea)	\$22.99

Work Great for Mounting Cruise Pegs - Mounts to Frame Tubes or Engine Guards!

X-TENSIONS

Measuring 4-1/2" long with a 1-1/4" offset, X-Tensions allow the rider to slightly increase or decrease the reach to cruise pegs. They work great on Yamaha V Star 1100/650 or Road Stars with 1-1/4" clamps, with our Magnum Quick Clamps, or any custom applications. Requires Male Mount Pegs, page 98.

4515 | X-Tension (pr) | \$79.99

FOOTPEG MOUNTS & MOUNTING CLEVISES

All footpeg mounting clevises & footpeg mounts listed perform the same function. Your decision will be determined by the length required & the style you prefer.

7996	Offset Peg Mounts (pr)	\$49.99
8088	3-1/2" Long 1/2"-13 Thread (pr)	\$39.99
8061	Short Magnum Peg Mount with 1/2"-13 Thread (pr)	\$29.99
8015	Clevis with 1/2"-20 Thread (pr)	\$18.99

REPLACEMENT CLEVIS for Kuryakyn Offsets

Fits: Kuryakyn Conical Clevis Cruise Peg Applications, Offsets, Longhorns & Right Angle Mounts.

4568 | Serrated Replacement Clevis with Hardware (ea) | \$18.99

REPLACEMENT SCREWS & D-WASHERS

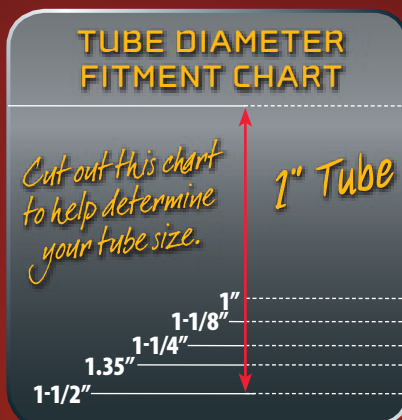

These mounts are found in virtually all of our highway peg assemblies.

4538	Replacement Clevis Screws with D-Washers (set)	\$4.99
4508	D-Washers (pr)	\$1.99

Check Your Tube Size to Ensure Accurate Clamp Selection

Cut out the chart below. To determine your tube size for proper clamp selection, start with 1" tube. Cut on the dotted lines & fold back the tab. Check if this opening fits around your tube. If it is too small keep moving down the lines until you reach the perfect fit.

HELPFUL QUICK CLAMP SIZE SELECTION INFORMATION

- Barron Standard Engine Guards 1-1/4"
- Cobra Standard Engine Guards 1-1/4"
- Cobra Fatty Engine Guards 1-1/2"
- Kawasaki Front Frame Down Tubes 1.35"
- Valkyrie Curved Part of Engine Guard 1-1/8"
- Yamaha Front Frame Down Tubes, All Road Star, V Star 1100/650, Roadliner, Stratoliner & Raider 1-1/4"
- Yamaha Full Size/Full Loop Engine Guards 1-1/4"
- Honda Full Size/Full Loop Engine Guards 1-1/4"
- Victory Front Frame Down Tubes on '06 & Up Hammer, Kingpin, Jackpot, & 8ball 1-1/2"

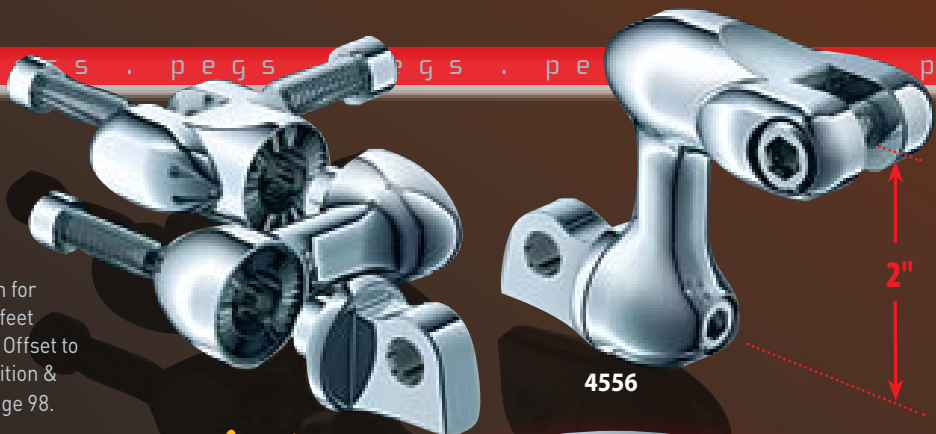

Note: To measure your tube size either use the tool on page 94 or tighten an adjustable wrench around the tube. Remove the wrench & measure the opening. Mounting Cruise Pegs off frame tubes requires 1-1/2" of strait open tube for clamping at equal height on both sides & approximately 3/8" of clearance around tube. Many mid 1990's smaller Metric engine guards were a 1" tube.

ADJUSTABLE LOCKABLE OFFSETS

Adjust your cruise or highway pegs 2" or 4" forward, back, up or down for perfect comfort. With 360° of lockable adjustability, you can get your feet exactly where you want them. Simply mount the Adjustable Lockable Offset to any Küryakyn style footpeg mount, adjust the arm to desired foot position & lock them in place. Finish off with any Küryakyn Male Mount Pegs, page 98.

4556	2" Adjustable Lockable Offsets (pr)	\$79.99
4557	4" Adjustable Lockable Offsets (pr)	\$79.99

Adjust Your Cruise Pegs 2" or 4"

MALE MOUNT FOOTPEG EXTENSIONS

Made of machined steel & chrome-plated.

8063	1-1/2" Foot Peg Extensions (pr)	\$39.99
8064	2-1/2" Foot Peg Extensions (pr)	\$39.99

Note: For use as extension from Male Mount Clevis. Does not work with Metric OEM Peg Mounts.

Adjust Your Highway Peg Angle

MALE MOUNT LOCKABLE OFFSET

Move your cruise or highway pegs 2" to 4" inches forward, back, up, down, or any direction around your current mounts. These Lockable Offsets mount anywhere Küryakyn Male Mount Pegs install & accept any Küryakyn Pegs on pages 75-80.

Note: Male Mount Lockable Offset works with Cruise Peg Mounts.

7936	2" Lockable Offset (pr)	\$59.99
7937	4" Lockable Offset (pr)	\$59.99

MALE FOOTPEG ADAPTERS with Adjustable Stop

We have modified our standard H-D Type Male Footpeg Adapters with an adjustable stop which now makes it possible to install conventional clamp-on highway pegs on an engine guard that would normally cause the pegs to angle down toward the ground. We have added a small setscrew to the "heel" of the adapter. By adjusting the position of the setscrew, the angle of the footpeg can be adjusted. Best suited for use with Küryakyn Footpegs with Clevis & Magnum Quick Clamps (opposite page).

8008A	H-D Type Male Footpeg Adapters with Adjustable Stop (pr)	\$14.99
-------	--	---------

Note: For use with Küryakyn Cruise Peg Mounts or Mounting Clevises.

SERRATED MALE MOUNT for Cruise Pegs

8880	Serrated Male Mount (ea)	\$18.99

PASSENGER COMFORT

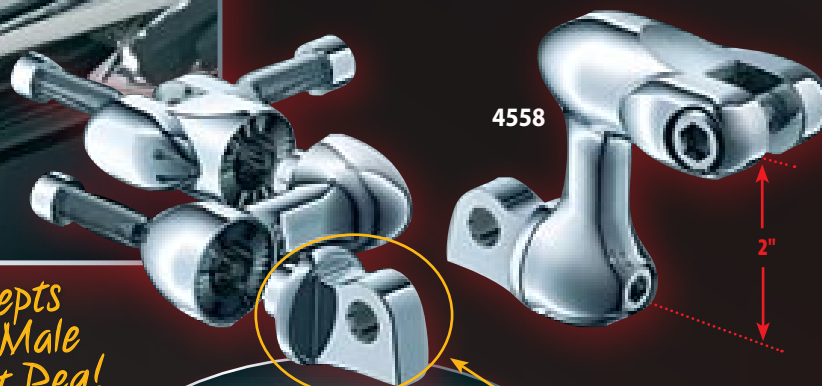

pegs . pegs . pegs . p

Rotates 360 Degrees!

Accommodates Floorboards!

ADJUSTABLE LOCKABLE OFFSETS

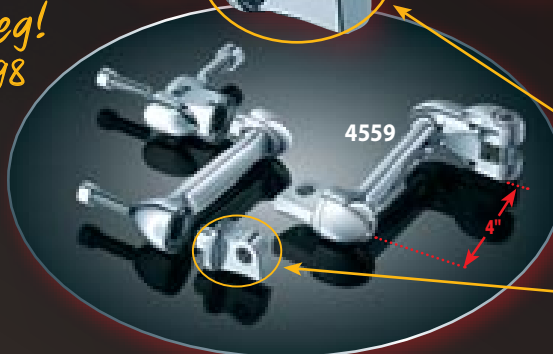

A must-have for passengers! Complete circular rotation for 360° of comfort!

- Put your passenger pegs anywhere you want them
- Offered in two lengths – 2" or 4"
- Both male end & clevis can be rotated 360° & lock securely when tightened
- Investment cast & chrome plated for strength & durability

*Accepts Any Male Mount Peg!
See Page 98*

4558	2" Adjustable Lockable Offset without Male Mount (pr)	\$69.99
4559	4" Adjustable Lockable Offset without Male Mount (pr)	\$69.99

Note: P/N's 4558 & 4559 require Splined Adapters, page 83, & Male Mount Pegs, page 98.

Splined Adapters Not Included

Swing Out Arm & Stretch Your Legs!

SWINGWING PEGS

for Passenger Comfort

Create A Floorboard-Like Feeling For Your Legs!

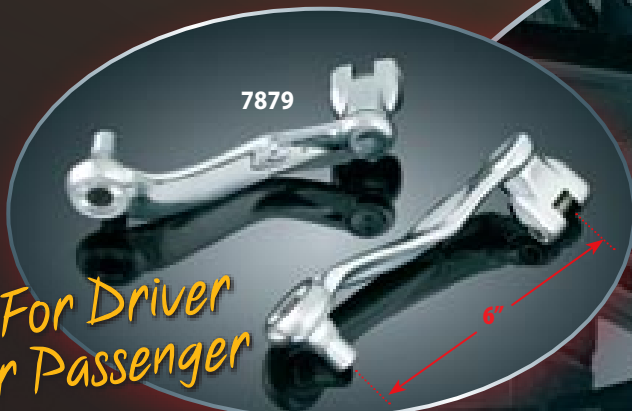

Give your passengers the comfort they desire. The SwingWing Peg provides a larger footpad for a fully supported feeling & has a swing-out footrest arm that provides a 3" forward & 3" wider secondary foot position. Let your passenger stretch out their legs & enjoy the ride! Requires Splined Adapter, page 83.

4467 | SwingWing Pegs Without Splined Adapter (pr) | \$149.99

Note: SwingWing Pegs are larger than stock. In passenger applications pegs may not fold up to stored position properly. Motorcycles with passenger peg mounts that angle to the rear also accentuate the non-folding application.

Note: Flipped out footrest arm is not intended to be used as a step when mounting or dismounting the motorcycle.

For Driver
or Passenger

Add a Second
Foot Position!

PEG MOUNTED CRUISE MOUNTS without Adapters

You wanted the simplest highway pegs & here they are. Directly mounting to your stock footpeg mounts, these offer a 6" adjustable arm to let you extend your legs where you want. Complete your kit with desired stylish Küryakyn pegs & splined adapter mount & ride on with added comfort.

Additional Products Required:

- Küryakyn Footpegs with Male Mount (pr), page 98.
- Küryakyn Footpegs without Male Mount (pr), pages 75-80.
- Motorcycle Specific Splined Adapter (pr), page 83.

7879 | Peg Mounted Cruise Mounts without Adapters (pr) | \$149.99

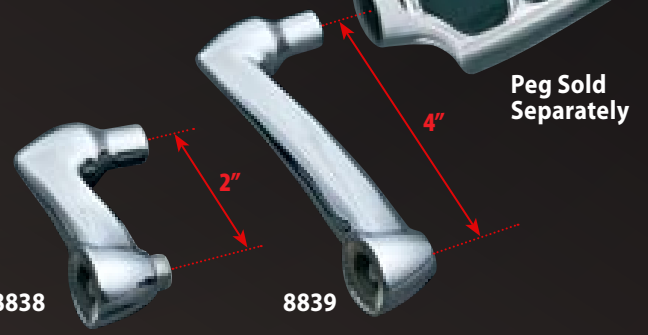

Note: Original foot position only accepts the following Küryakyn Pegs: Stiletto (P/N 4476), Switchblade (P/N 4446), Dually (P/N 7963), Large ISO (P/N 7965), Small ISO (P/N 7964), Retro (P/N 4401), Pilot (P/N 4419), ISO-Wing (P/N 4452), Sweptwing (P/N 4464), Flamin' (P/N 4417). Stock OEM pegs will not work with this product.
Note: Peg Mounted Cruise Mounts are larger than OEM pegs but mount on stock peg mounts. Due to clearance, this product may not fold up as OEM pegs do.

MALE MOUNT LOCKABLE OFFSETS

Adjust your Küryakyn passenger footpegs simply & easily. Splined mounting eliminates rotation & our conical mounts accept any Küryakyn Footpeg. Add your new offset in minutes.

8838	2" Splined Adapter Mount for Küryakyn Footpegs (pr)	\$49.99
8839	4" Splined Adapter Mount for Küryakyn Footpegs (pr)	\$49.99

Note: Footpegs may not fold in standard style due to clearance. Requires motorcycle specific Splined Adapter, page 83. Also requires Küryakyn Pegs, pages 75-80.

PASSENGER PEG MOUNTS for Road Star

You asked for them so we made 'em! Move your passenger footpeg mounts forward 3-1/2" & down 1-1/4" or forward 1/2" & down 1-1/4" for added passenger comfort. With custom pipes lower than stock, flip the bracket down for a full 3-3/4" lower foot position.

Fits: All '99-'08 Road Star 1600/1700 Models (ex. Warrior)

4560 | Passenger Peg Mounts for Road Star (pr) | \$99.99

Note: Requires Male Mount Pegs, page 98.
